### **39. Healthy Practices of the Institution**

- Practice of democratic processes in the various activities of students are encouraged. To start with ‘Student Council’ – an apex students’ body is an extended arm of the college faculty. It organized various events, helps in maintaining order and discipline, forms a bridge between the administration and the students so as to create an amicable atmosphere which in turn would help the institution to move faster towards achieving their goals.
- All the departments/faculties have their own society which is run by the students. They elect their Presidents, Secretaries etc. and organized lectures, seminars, paper-reading contests, quiz, debates, plays etc., of course, under the able guidance of faculty members. This helps in developing their all round personality, widen their horizon to think, analyse and conclude, to realise their own potential and work for a better society.
- Our college also encourages to celebrate many festivals collectively in the premises like Teej, Diwali, Lohri etc. in order to instill the values of co-operation, sharing, brotherhood etc. It also helps them to know the art of time-management. Not only the festivals, our college also celebrates National Days with great enthusiasm and love.

- Many workshops are held time to time to aware the students of their surroundings, needs of today, to install confidence in them. Workshops like 'How to conduct Group Discussion', valuable tips on public speaking, learning of professional arts like mural painting, meenakari, silk painting, lamination, inlay works, glass painting (which are the demands of today) etc. are held. This help the students to start their own business at a small scale. Hence Self-Entrepreneurship is taught to them.
- IQAC of the college is actively chalking out the action plans towards quality enhancement.
- A special cell for Physically challenged students has been set up to look into the specific needs and requirements of physically and visually challenged. The students are encouraged to showcase their special talent in all spheres. At the Annual Athletic Meet, Lakhwinder Singh, a blind student showed his exceptional skill in driving a motorcycle.
- Students' participation is going on since 2006-07 when it was introduced into the teaching system. Many departments like Commerce, Punjabi, Music etc. came forward to start a new concept of teaching learning by encouraging the brilliant students to take up some of the topics to teach the junior classes as well as in their own classes. Peer-learning has become one of the important tools in the teaching methodology. Seminars are presented through LCD or OHP many competitions are held in various activities like creative writing, QA sessions, Poem recitation, Debate etc.
- In order to motivate the gardeners, a chrysanthemum show is organized every year. The winners are honoured with cash prizes.
- To weave ethical and moral values into the fabric of students' personalities, the college has the student wing of Guru Gobind Singh Study Circle. Its main objective is to rejuvenate spirituality among the students. This helps the students to be more tolerant, humble, co-operative and empathetic.
