LETTER OF APPRECIATION FOR INTERNSHIP

19th September 2021,

Dear Palkin Gupta ,

This is to recommend Ms Palkin Gupta, who has applied for the internship program in our organization.

She was part of 30 days Internship program where she learned various testing and therapies with their practical implementations. From what we have observed is that the applicant has remarkable learning abilities. She can effectively execute various assignments with positive outcomes.

Her credentials, skills, and achievements, are not just something written on papers. Palkin's learning ability and hard work will prove her a strong pillar of psychology in coming days.

Her internship program has shown her capacity to work in extreme conditions and her passion towards psychology have proven herself to be a hard worker who is ready to take on any task, no matter how large or small. I strongly encourage her to keep doing the same work in the coming future and I am sure she will be a great asset to any organization she will be connected with.
