

Motive Of The Society

As the name of our society describes '***Environment and swachh society***' the main motive of our society is not only to promote cleanliness but also enhance the love for nature among the youth. Moreover it also promotes knowledge regarding road safety rules. It also encourages our young generation to love the Mother Nature by various activities like PPT competition, rallies, rangoli competition on clean and green Diwali, essay writing competitions etc. Thus by promoting our thought among the youth we can make our surroundings a better place.
