## FIELD SURVEY OF ADARSH PUBLIC SCHOOL, HUMBRA ROAD, LUDHIANA

### OBJECTIVES

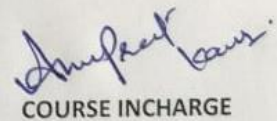

Fieldwork is an essential part of geography because it provides a real world opportunity for students to develop and extend their geographical thinking. It also adds value to classroom experiences. The purpose of this field survey for BA semester 6 (Geography) students is to offer an opportunity to the students to engage in the hands of an interactive Learning experiences that go beyond reading text books and listening to lectures. The objective of this survey was to know about the educational scenario of school. The critical analysis of collected secondary data was helpful in enhancing students's observation , understanding and knowledge.

### OUTCOMES

1. The survey data analysis or interpretation of collected data helps the students to identify the patterns and hidden insights in the survey data.
2. The resulting insights enables students to identify areas of improvement and also to give suggestions for the solution of these identified problems.
3. It facilitates the understanding of geographical processes and geographical enquiry. It also provides base for enhancing learning opportunities among all the students.
